

Reference Village of Midlothian Technical Manual dated September 1991

Examples of landscape treatment along Midlothian Turnpike installed per the guidelines of the Village of Midlothian Technical Manual.

The basic concept for landscaping within the Village Fringe consists of large deciduous trees planted in a line parallel to the street, and groups of small flowering trees located within perennial flower beds (above photos). Please reference The Village of Midlothian Technical Manual for specific design guidelines.

Per 19-608(b)

Landscaping standards for surface parking areas:

At least one large deciduous tree (a species having an average minimum crown spread of greater than thirty (30) feet) shall be planted in each landscaped area, in lieu of the one small tree required per 19-519(b) (Materials for landscaping standards for surface parking areas).

All other landscaping requirements of sections 19-518, 19-519, 19-609, and 19-610 shall apply in the Village of Midlothian district.
